

Make your own “Show Rosette”

Step 1 – Crepe paper roll of your choice of colour.

Step 2 – fold the crepe upon itself, make the top wider than the bottom, so it curves

Step 3 – Occasionally sticky-tape the folds so you don't lose it and when you get to the full circle, tape it all together

Step 4 – Cut some crepe around 15cm and put a V in the bottom. Stick to the back of your rosette/

Step 5 – cut a circle with craft scissors (or just scissors if you don't have any craft scissors) and hot glue or tape onto the front of the rosette.

Step 6 – Cut out 3 strips into a 3cm wide piece of coloured paper. Don't cut all the way to the end – that way, you'll have a good base to stick under the frills of the rosette.

You might want to write something on the centre – like 1st, 2nd, Winner!
